

# AGRICULTURE DISASTER RELIEF

Public Meeting  
Thursday, June 27, 2024  
7-9 P.M.  
At Gatesville Civic Center

Coryell County USDA Farm Service Agency (FSA) will be present to discuss a variety of programs to help farmers, ranchers, communities, and businesses that have been hard hit by natural disaster events.

Below you'll find available FSA programs:

- **Livestock Indemnity Program (LIP)** provides benefits to livestock producers for livestock deaths in excess of normal mortality caused by adverse weather or by attacks by animals reintroduced into the wild by the federal government.
- **Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish (ELAP)** provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish for losses due to disease (including cattle tick fever), adverse weather, or other conditions, such as blizzards and wildfires, not covered by LFP and LIP.
- **Emergency Loan Program** provides loans to help producers recover from production and physical losses due to drought, flooding, other natural disasters, or quarantine by animal quarantine laws or imposed by the Secretary under the Plant Protection Act.
- **Emergency Conservation Program (ECP)** helps farmers and ranchers repair damage to farmlands caused by natural disasters.
- **Noninsured Disaster Assistance Program (NAP)** pays covered producers of covered noninsurable crops when low yields, loss of inventory, or prevented planting occur due to natural disasters (includes native grass for grazing). Eligible producers must have purchased NAP coverage for the current crop year.

Visit [farmers.gov](https://www.farmers.gov) for additional USDA programs that can help agricultural producers recover.
